Regular registration

## To block acts with a deposit

- Add in the estimated routines you wish to block off & then click payment and the deposit amount will then show for that amount of acts
- Make deposit payment to secure these spots and then you can at anytime go back in and do your acts with ages, names, categories etc.

The payment you make comes off your final total due when you go back and add in your actual acts.

However all acts must be finalised 60 days before your event start date (April Hollywood Bound will not allow block off).

No refunds for any unused acts when blocking spots off with a deposit.

You can do this for as many locations you wish to.
